

THE LAST ROUND-UP

published by

The Senior Class of January, 1934

Barringer High School - - Newark, New Jersey

The Round-Up

We are gathered at the round-up
To recall before we go,
The good times we've had together.
At the Barringer Rancho.

We were greenhorns when we started,
All the trails seemed new and strange;
But in the years we've ridden,
We have learned to love the range.

Through the cactus and the sagebrush
That were scattered o'er the plain,
We have sat our bucking broncos
And have held a steady rein.

Now we're slipping from the saddles
That were cinched four years ago,
When we joined up with this outfit
At the Barringer Rancho.

Mary B. Hayes.

DEDICATION

In deep appreciation of his most patient guidance and untiring aid, we most gratefully dedicate this, our year book, "The Last Round-Up," to Irving J. Townsend

We extend our thanks to
Mrs. Carleu, our friend
and home room
teacher

We wish to thank Mr. Wood
in acknowledgement
of his guidance
and friendship

RAYMOND B. GURLEY

who, as principal, has encouraged our admiration and regard for him, because of his leadership and firm discipline.

 Accompanist

DRIFTING down from the foothills, always urged on from behind by ever-watchful cowboys, the herd is gradually nearing the corral in the center of the plain. Smoky branding fires, bawling calves, plunging horses and yip-yipping cowboys, all form part of the maelstrom that will soon swallow them. Fearful, they hesitate to enter the corral, and take one last look at the hazy hills in the distance. They are headed for their last round-up.

Now that the herd is within the corral, it is being inspected. Only the fittest can survive the close scrutiny of the practiced eyes of the cowboys. The drive is to be long and arduous, so that only the animals in top form may be included in the group that is to go.

There is an air of uneasiness as the cattle mill around. They sense something unusual, but cannot quite grasp what is to come.

When the selected herd is finally started down the trail, they move along slowly at first, then more rapidly. They appear eager to see what is before them. They go on, until at last, they are lost in the cloud of dust that surrounds them.

For four years we have been working toward our objective. Now we have been tested, until only those meeting the requirements of the final inspection remain to go upon "the long drive". A little nervous, and yet eager, we stand at the gateway, ready to leave.

The
Last Round-Up.

WILLIAM E. FISCHER

Secretary	Alice Hildebrand

ELECTION to the Barringer chapter of the National Honor Society is a privilege attained by few of the students at Barringer High School. A Faculty Council, appointed by Mr. Gurley, and representing the departments of each major subject, conducts the election. All faculty members, however, are requested to submit individual opinions of the candidates. There are four determining factors in the final selection: (1) scholarship; (2) leadership; (3) service; (4) character. A limited percentage of the 4A, 4B, and 3A groups based upon attainment in scholarship, make up the eligible list. Obviously, scholarship is the basic prerequisite. To that important achievement a candidate must add outstanding records made in leadership among his fellow classmates, service to his school, and the possession of a character of high type.

Students sometimes feel that injustice is done in the selection of members. They should not forget that selections may be made from the whole highest third of the class. Thus in a class numbering 150, fifty people are eligible so far as scholarship is concerned. Some of those chosen may therefore not be among the best in scholarship but they make up for this lack by outstanding records in leadership, service or character.

The Acropolis

SEVERAL years before there was such a thing as a monthly publication in Barringer, there existed a paper known as the ANNUAL. The scope of this magazine was entirely literary, including poetry, essays, and short stories. Besides providing much enjoyment, this publication, issued during the years 1857 to 1880, also proved a keen incentive to students who sought an outlet for their literary attempts.

In 1856, one year preceding the first publication of the ANNUAL, an enterprising class produced a paper called the HIGH SCHOOL JOURNAL. Each issue of this magazine consisted of but one copy which was written in a record-book.

Between the years 1859 to 1861, four publications similar to the HIGH SCHOOL JOURNAL were introduced into the school. The most important of these papers was the COMPETITOR, several issues of which are retained in the school files.

By 1877 there appeared two more publications, the HESPERIAN RECORD and the MONTAGU ROUND TABLE which flourished for about two years. At the end of this time, however, the ANNUAL remained the only school journalistic paper.

Then in 1899 came Barringer's present publication, the ACROPOLIS, a paper which has grown to such an extent not only in popularity but also in monetary value, that it would be almost impossible to fancy the existence of Barringer without it. May the years to come in the life of the ACROPOLIS be as successful as those in the past have been.

Modern Language Honor Group

THE Modern Language Honor Group has taken the place of the French, Spanish and Italian clubs. The pupils who do A or B work and who have reached their third year in the study of the languages are elected to this group. They have a key or pin bearing the emblem of the country whose language they study. The meetings are held once or twice a week, and most of the programs are arranged by the students. The individual groups also take trips to New York to see plays and foreign ships pertaining to the language they study.

The adviser of the French Honor Society is Mrs. Carleu, and the student leaders are: President, Eugene Dorfman; Vice-President, Adele Lehlbach; Secretary, Ruth Cronheim. The 4A members are Mary Hayes, Elizabeth Wood, Minnette and Jeannette Baker, Helen Goucher, Winifred Perry, Margaret O'Neill, Betsy Kaufmann, Ruth Wentworth, Victor Califano, Dora Rizzolo, Estelle Vitale and Jean West.

The Spanish Honor Society is under the direction of Mr. Zweibel. The 4A members are: Dorothy Baker, Genevieve Pellechia, Armando Russo, Placid Anelli, and Aurelio Mancuso. The Italian Honor Society is under the direction of Miss Lucchina.

The Science Club

THE Science Club existing in Barringer today has grown out of the Agassiz Society which held prominence in the old Newark High School for the last twenty years of the last century. However, with the removal of the school from downtown to its present location, came the organization of several small clubs such as the Bird Club and the Nature Club. It was not until 1914 that the Science Club we know was formed.

Since the very beginning of the Science Club, it has proved to be the largest and one of the most popular clubs in school, its membership reaching the two hundred mark. The students from the second year classes in biology and the junior and senior classes in biology, chemistry, and physics are eligible for membership in the club. The club officers, who are members of these classes, work under the guidance of one of the science teachers who acts as faculty adviser.

Programs are presented monthly. These often include lectures by scientists, visits from representatives of large corporations, motion pictures, and liquid air experiments. The fact that the lecture room is always crowded on the day of the Science Club meeting certainly assures the popularity of this organization.

Girls' Leaders Club

President	.	.	.	.	.	Alice Hildebrand
Vice-President	.	.	.	.	.	Marion Hill
Secretary	.	.	.	.	.	Anna Velardi
Adviser	.	.	.	.	.	Florence S. Burley

THE Girls' Leaders' Club, reorganized this term, is one of the youngest of Barringer's many organizations. The Club corresponds to the Boys' Leaders' Club in that their main ideal is to develop leaders of the members. Also as with other of our clubs, the Girls' Leaders' Club tries to promote the Barringer ideals of Truth, Honor and Light. It has given its members the opportunity to show thoughtfulness and consideration for others.

First, they have tried to carry on the good work started by the old Girls' Service League of which this club is an outgrowth. They have provided some of the less fortunate with clothing and food; and second, a system of corridor patrol during periods, which they believe if successful, will be a service rendered for the welfare of the school.

We extend hearty congratulations to the members of the Girls' Leaders' Club and wish them luck in future years.

Leaders' Club

Captain	William Wray
Lieutenants	Robert Beams William Kiefer Vincent Grasso Girvin Cuthbert

THE Barringer Boys' Leaders' Club has become an organization that enjoys especially the respect of the students and of the faculty. Since its formation in 1931 it has gradually risen from a state of obscurity to a place of importance in our school life. Unfortunately it cannot grant membership to all those who are deserving of the honor. To become a Leader one must have character as well as a fair scholarship rating. Honesty and a willingness to cooperate are also among other qualifications required of the members. The chief duty of the boys is to preserve order in the halls. Moreover, they are expected to conduct themselves as Leaders should, and unobtrusively to attend to any matters concerning the welfare of the school. The main principle of the organization is to further the Barringer ideals of "Truth, Honor, and Light".

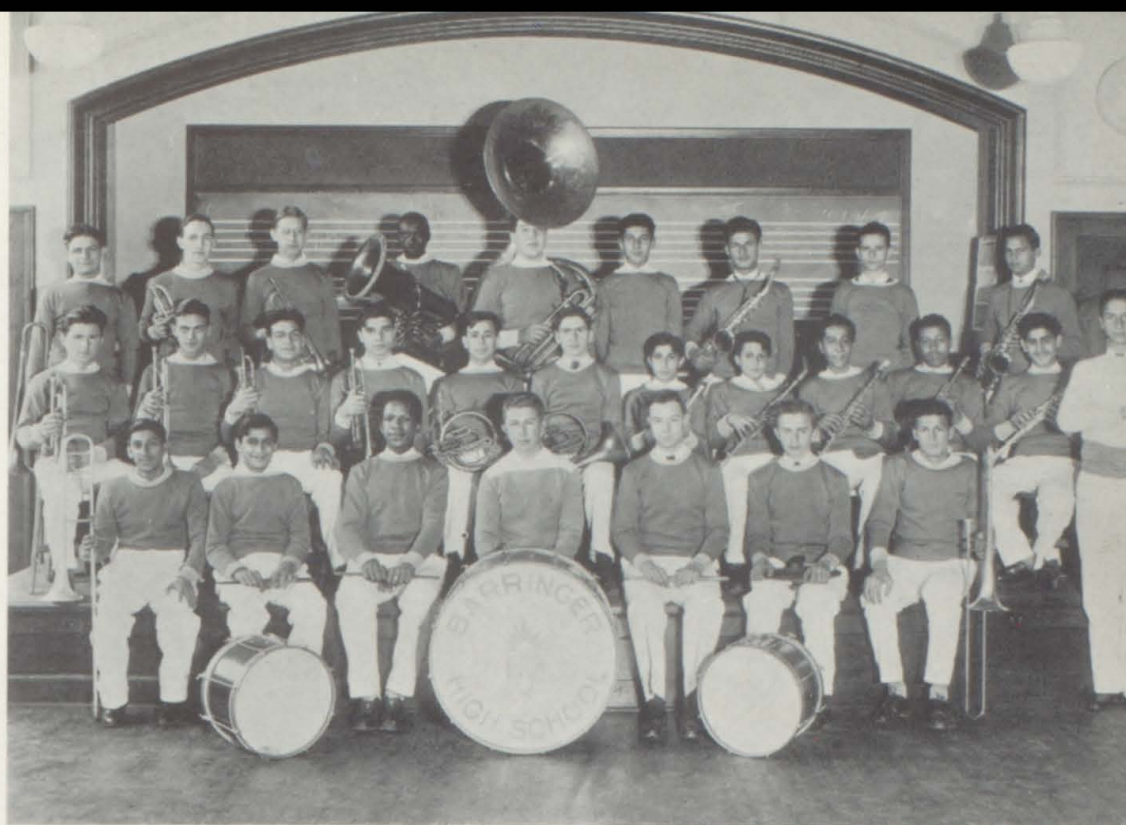

The Library Staff

President	.	.	.	.	.	Ruth Wentworth
Vice-President	.	.	.	.	.	Minnette Baker
Secretary	.	.	.	.	.	Molly Sallans
Treasurer	.	.	.	.	.	Jeannette Baker

THE Library Staff is one of the most important organizations in the school. It consists of students chosen by the librarian who are willing to offer their services. These students must be trustworthy and have a high scholastic standing, for they hold a very responsible position. Every member is obliged to serve at least three periods a week in the library. The members charge books, assist students in finding books for reference work, keep the library in order and assume full responsibility in the absence of the librarian.

Besides this work, the members of the staff plan various social activities. Every term a faculty tea or a theater party is planned by the Staff. The tea takes place in the library, and is attended by members of both the faculty and the Staff. The theater party is always especially enjoyed by the members since they attend a play in New York.

This term the members of the Library Staff are planning to visit other school libraries in the city. Recently the Staff has become a member in the New Jersey Library Council, which will enable them to become acquainted with various libraries in the state.

The Band

THE Band, one of Barringer's newest organizations was started in 1930 under the able leadership of Mrs. Margaret O'Loughlin. For the past three years the Band has given its hearty support to the Big Blue on the football field. This year they have also played for the Sophomore Assembly Programs.

It has met with great popularity in the past years and membership is open to anyone playing a musical instrument. We congratulate the Band on their fine work, and wish them success in future years.

Class History

Feb. 1930--A group of freshmen entered Barringer, eyes wide and mouths agape. Sophomores annoyed them and seniors scorned them. For a year these poor freshmen endured this. Then came retribution!

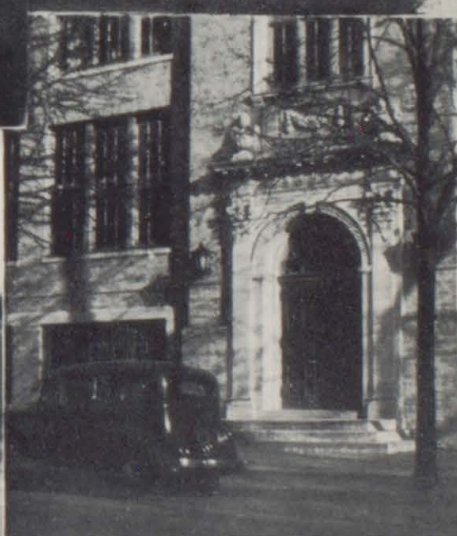

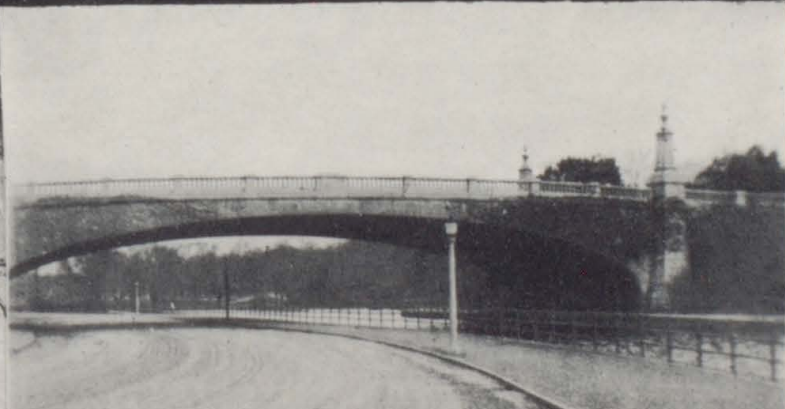

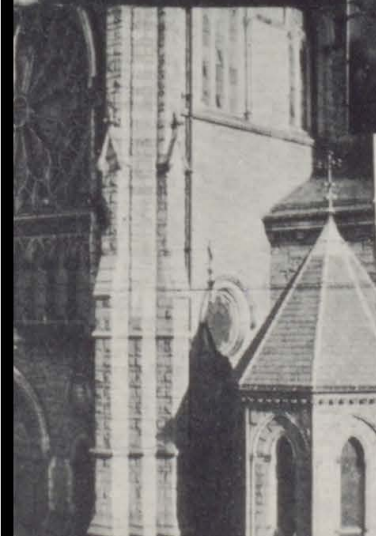

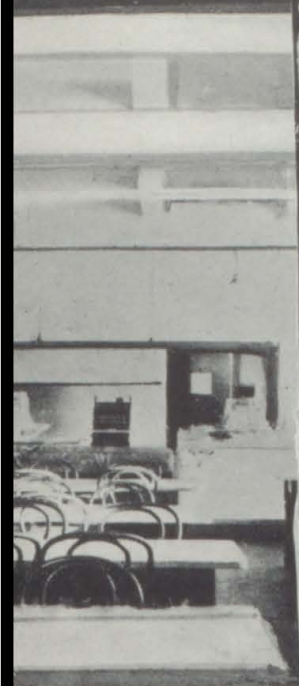

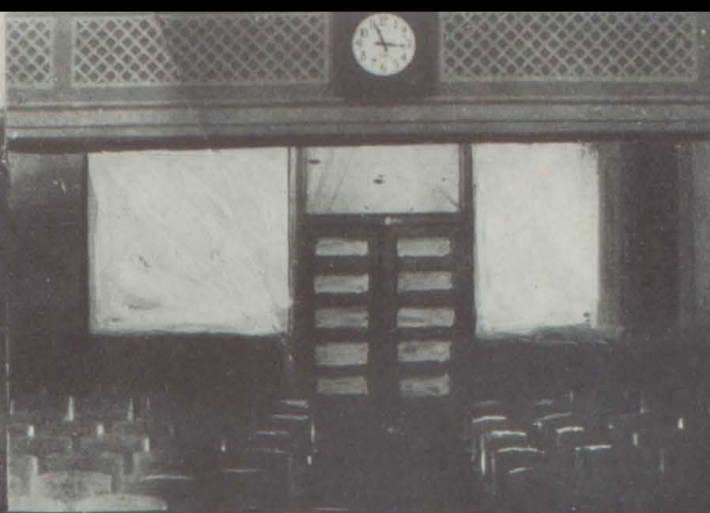

Feb. 1931--They became sophomores, arrogant sophomores. They wreaked vengeance upon their underlings, and yet appeared innocent in the eyes of their teachers.

Feb. 1932--Now these people were juniors. Upper classmen! A little slow in getting started, they finally chose Mr. Townsend as their class advisor, and elected Charles Eccles as President, Roger Williams as vice-president, Armando Ventola as treasurer, and Marie Gamma as secretary.

Sept. 1932--The results of this term's election were: Charles Eccles, president; Virginia San Filippo, vice-president; Peter Lordi, treasurer, and Marie Gamma, secretary. The class decided to give a social. What a success it turned out to be!

Feb. 1933--Having made Armando Ventola, president; John Kemp, vice-president; Peter Lordi, treasurer, and Marie Gamma once more secretary, the class proceeded to benefit the school by giving a dance. It turned out to be the success of the season, rivaled only by the reception given to the 4As by the 4Bs. A Liquid Air Show, that practically everyone in the school attended, was also presented this term.

Sept. 1933--With William Fischer as president, Alice Hildebrand as vice-president, Norman Lawson as treasurer, and Marie Gamma for the fourth time secretary, the class entered its Senior A term. Early in the term, they gave a Football Dance. They ended the term with a commencement that was second only to their year book.

"WHAT a wonderful day to wander over this huge ranch! Here's a place to nap. Well, if I'm not dreaming! Oh, it's the Royal Rodeo! I know where I'm going; right to the radio booth where I can see all and hear all.

"Hello, Bill; mind if I stay here?"

"Not at all; we're on the air. Hello Folks, W2A2Y. Kiefer speaking. What a mob! What a day! There's Queen Hildebrand with her ladies-in-waiting, Castles, Gornitzky, Groucher, Perry, Curtiss, and the Vitale Sisters. What a wait! Oh, by the way, this broadcast is sponsored by the Kaufmann and Pellechia Dress Shoppe. You know their new designer is Fagg and is she a designer! Here come the Royal Jesters, Alt and Granath. Brangs, the wit, is there to coach them so they won't tell the Queen any old ones. You know a special feature of this Rodeo is that we are being served tea made by the French wiz Califano and cakes by the Three Bakers. I hope Brine doesn't get into the sweet cakes. The Master of Ceremonies is Fisher, and the managers are Brigden and Mandeville. There is Hill up their skywriting. What a flyer! The program calls for an act in which Hill, in a special midget plane, built by Snyder, will battle with an electrical bull-robot made by Toms. The orchestra--hear it-- is just beginning. It's led by Malanga. Well, folks, the show is on. The first act gives us the star San Filippo out there on a beautiful hoss. Next comes a "Smiling Bull Fight". The ones who win will be those who can smile in the face of the Bull. The first one is out by a frown. The next is going strong; no, he frowned.

"Here come two big smiles. The bull loses. Hooray for O'Neill and Caprio! The crowd is still coming; there go the two blonds, Hill and Martenis, escorted by the football heroes, Beams and Kemp, into the box next to the four W's; Wentworth, West, Wood and Wray. Oh, yes; the Rodeo. This is the maddest bull whose daily diet is Herring. Several are injured, but don't worry, folks, Hart is an able nurse! Here is Polk. He is having a hard time. 'Ray! He threw the bull. The dancing pony is being ably ridden by Iannuzzelli. Raschal the Original is doing fancy riding on the midget named Gamma. Here is the poetry-writing rider, Quigley. What a writer! Who is making all that noise over there? Let's see: oh, it's Brown, Smith and Sandland! How different from those sitting next to them, Svenson, Foley, Sachse. Well, folks, the show has come to an end, for there is Esler gathering up the dead steers."

"Wake up, Doris, the roast beef is ready and we are waiting for you."

RODEO

Football

COACH Salerno has done surprisingly well in the second year of his coaching, when the fact that he has composed his team of green material, for the most part, is taken into consideration. The future seems bright, when it is realized that, with a few exceptions, most of the varsity will be back for two years more of playing.

The team was rather discouraged by their showing in the beginning of the season, when they were beaten by Paterson Central, Irvington, West Side, East Side, Central and Montclair.

The boys finally got into their stride at the end of the schedule, when they beat South Side, 32-6, and then victoriously trampled over East Orange 7-6.

Park Squad

BARRINGER'S Park Squad just completed its first season under Mr. Stamelman, formerly of Syracuse University. Mr. Stamelman was also coach of the B. H. S. Freshman Team.

At the beginning of the season, the team's prospects did not seem very promising, but as the season progressed, they proved to be a great surprise. They played well through their whole schedule, tying Good Council twice, tying City Home and West Side, and beating the Barringer Freshmen and Bloomfield second team. They completed their season with just one defeat, and that was by the Barringer second team.

Cross Country

ALTHOUGH the Barringer Cross Country team has not had a very successful season, due to inexperience, this does not mean that the boys have not worked hard. Although Damiano, Tarrant, and Caprio were the outstanding harriers this year, enough credit can not be given to the remaining boys. In the city meet, the team pushed Central to the city championship. In the National Interscholastic meet the flash and grit of the Barringer squad again exhibited itself.

This year Mr. Payton succeeded Mr. Moller in coaching the Barringer hill and dalers, and due to his careful handling of the boys, we can expect a well groomed team next year.

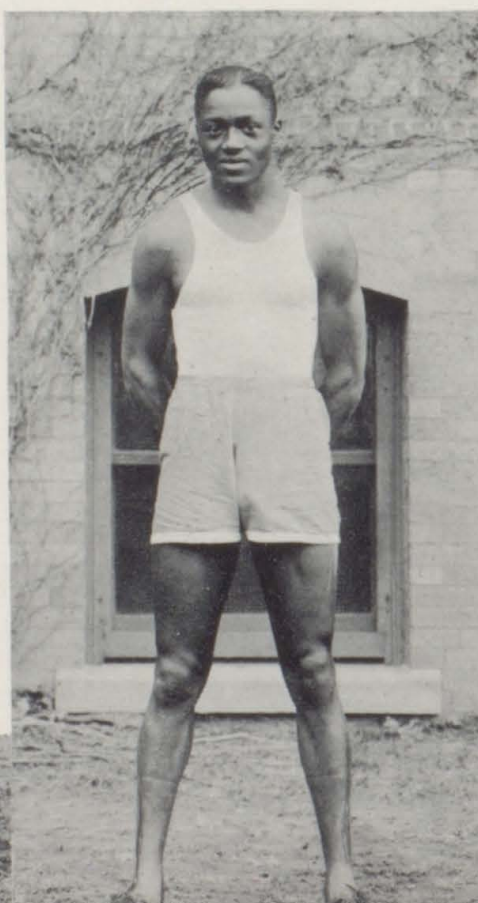

"B" and Chevron Girls

BY a rather recently introduced point system, our Barringer girls have been enabled to gain enough points to acquire a much coveted "B".

For receiving excellent marks in gymnastics, which include punctuality, co-operation and preparation, a girls can win chevrons and stars. After she has secured three of each of these, she is entitled to wear a Barringer "B".

We have several girls in the graduating class who have been fortunate enough to get their letters. These are Alice Hildebrand, Marion Hill, Virginia San Filippo, Marie Gamma, Doris Bismarck, Helen Alt, Mary Buinno, and Margaret O'Neill.

We also have a few girls with us who have been able to fill their backgrounds and so have the distinction of wearing complete emblems. These girls are Minnette Baker, Jeannette Baker, Doris Granath, and Jean West.

"B" Men

ROBERT BEAMS

Bob first played in 1930 on the park squad. In 1931 he advanced to the second team and received his "B-2". 1932 found Bob one of the stars of Coach Salerno's team. For his work he was rewarded with a "B". This year found Bob out for the usual position, but a serious injury early in the season forced him to the sidelines. His teammates will sorely miss him, for Bob was better than average as a linesman.

WILLIAM BRINE

Bill, one of the few two letter men to graduate, started his athletic career by making the varsity X-country team in his freshman year. In 1931 the X-country team won the City Championship, and Bill received his major letter for his share of the work. This did not satisfy his athletic prowess, and in 1932, he received a minor "B" as a varsity diver on the swimming team. Bill has also been outstanding in the boys' tennis tournaments, winning one and being a finalist in the other.

VICTOR CALIFANO

Victor is one of Barringer's famous fencers. He started his athletic career with a bang in 1932, by making the varsity and winning every match in which he fought. In 1933 Victor was again outstanding, engaging in eight bouts to help the team complete a very successful season. Although Barringer has always had an All-State fencing team, never the less she shall miss Victor's adept blade greatly.

BILL FISCHER

Bill is one of Barringer's most outstanding athletes. In 1930, Bill made his first attempt to become a varsity swimmer. In his next year, he was awarded his first major letter. In 1932, Bill became an outstanding merman, but Bill's stellar performance came last season. At this time Bill and three team mates won the 160 yd. relay, breaking the city record. Besides a wreath emblem he received for this work, Bill has won three major letters.

SOL FISHMAN

In 1932, Sol was the manager of the Outdoor State Championship Track team. For his fine work he was awarded a wreath emblem and a gold track shoe. Sol was also elected manager of the X-country team for 1932 and 1933. In 1933, besides managing the team, Sol also ran on it and received his minor letter.

CHESTER HERRING

Chet has seen service in track circles for three years. He ran in the interclass relays in 1931. He began to run the dashes, and in these together with the broad-jump, he scored the required number of points to earn his letter. Chet also was a member of the Freshman X-country team and went out for the varsity in 1930 and 1932. For his faithful service here he received a "B-2".

DAN JONES

Who has not heard of Captain Dan Jones? The medley relay and the 100 yd. free style are Dan's specialties. This year the medley relay won the City Championship and Dan came through with the 100 yd. State Title, in one minute and one second. After this Dan won the City 100 yd. Championship. Dan will take with him his major "B"s and his wreath emblem, but he will leave in Barringer the memory of a wonderful athlete.

JOHN KEMP

For two years, 1930 and 1931, John built up a foundation of football technique, receiving a "B-2" for his efforts. 1932 found him as a varsity end for which he got his "B". His ability to handle and catch a football has earned him much glory while at Barringer. In 1933, due to a change in the N. J. I. A. A. rulings, John was made ineligible. The team will surely miss his snappy brand of ball playing.

MANLIO POLCI

In his freshman year Polci had the distinction of winning two major letters and a gold football, as a shot-putter and as a tackle on the football team. "Manny" has proven to be one of the mainstays of the Barringer line during his four years of school. He is the proud possessor of five major letters and a few gold footballs. Polci has received honorable mention as all-city tackle. His graduation leaves a hole in the team which will be hard to fill.

JAMES POLK

Even since 1930, when he first went out for track, Jimmie has been one of our most consistent point scorers. He is the holder of the Dickinson Novice 70 yd. Dash, and the New Jersey 70 yd. Dash records. In the Kearny Relays, Jimmie helped to set a new record in the 880 yd. relay. For these accomplishments he was awarded two wreath emblems and two gold track shoes, the highest athletic award in Barringer.

MICHAEL RUBINO

Mike is an excellent example of grit and perseverance. For four years he has struggled hard to get on the varsity football team. His grim determination to win his "B" earned for him the admiration and respect of his schoolmates. In 1932 he received his "B-2" and this year has found him a varsity guard. As a result Mike received his long waited letter. A real athlete and a true Barringerite—that's Mike.

ARTHUR TUOSTO

Art went out for swimming and track but it was in football that he showed his true mettle. He spent the year of 1931 learning the rudiments of football and in 1932, he far outdistanced the other candidates for center position. Consequently he received his letter. This year found Art again at center and performing well. Art is a fine specimen of Barringer's best football men.

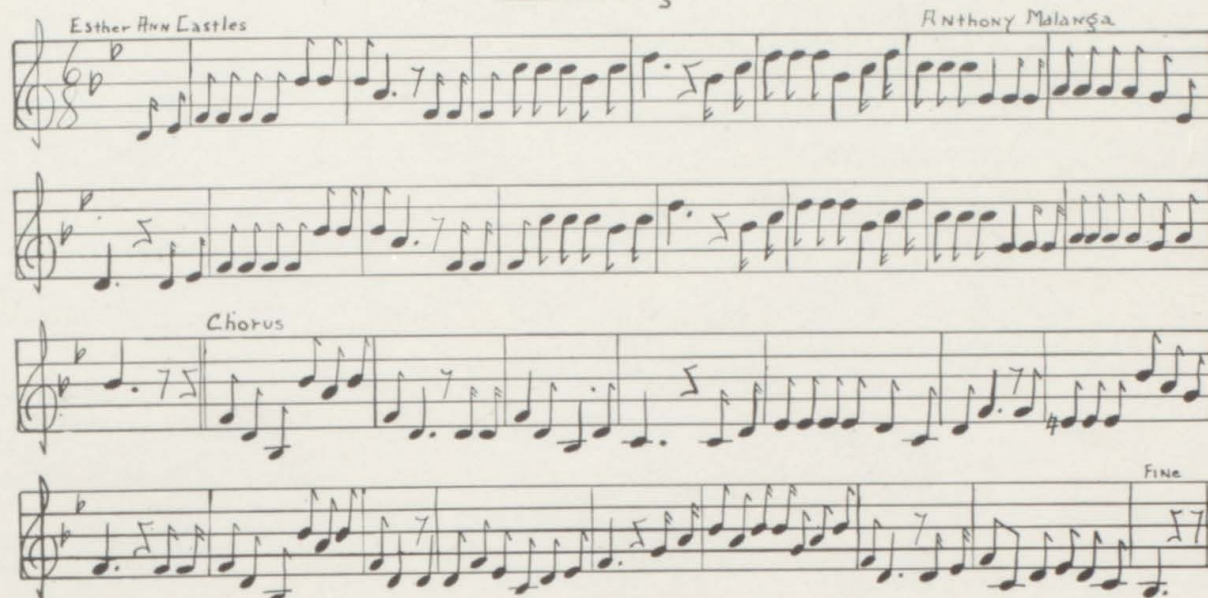

Hockey

THIS fall when hockey was resumed, our new coach, Miss Decker found so many enthusiasts, that it was necessary for each grade rather than each year to have a team of its own. Captains were elected with these results: 4A, Alice Hildebrand; 4B, Margaret Decker; 3A-1, Janet Brooks; 3A-2, Helen Pellechia; 2A, Lily Pinneo; 2B-1, Jean Finger; 2B-2, Sue Petrozini.

The season proved to be an exceptionally exciting one, as the juniors and seniors were so evenly matched, that it was hard to tell until the last game was ended, which team really deserved the Championship. After a hard fought game the 4A's came out the victors, by defeating Janet Brook's team by a bare 2-0 victory.

Those chosen for the all-star hockey team were: Gladys Lockwood, Anna Di Lella, Janet Brooks, Doris Bismarck, Helen Alt, Helen Pellechia, Marie Gamma, Marion Hill, Gloria Chen, Virginia San Filippo, and Janet Ricliano.

The Trail Song

I

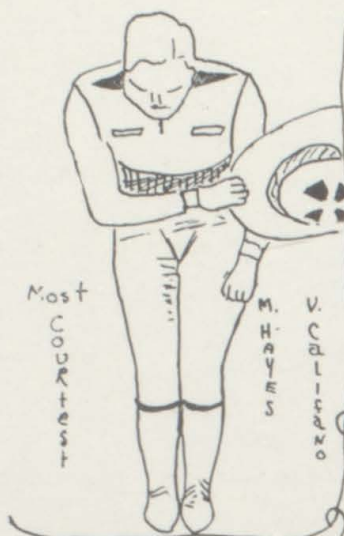

II

When we've ridden alone on the Prairie,
O'er a rangeland that's not what it seemed,
When we've pulled stakes to stray
In a land far away
On the vast range of which we had dreamed,
Then a memory comes and a longing
For the bunk-house and round-ups of yore,
And we think of the past
That has vanished so fast
And the home range we want more and more.

They gave us our reins and our saddles.
We rode out wearing boots that were spurred.
And without these we know
The pace would have been slow
We'd be left with the great milling herd.
For there's a wide rangeland to conquer
Down a trail marked with hardship and bliss.
When our conquering's done,
When our brands we have won,
Then in reverie we'll drift back to this.

Chorus

Four years we've worked with this outfit.
Now we ride out on our way.
Years are gone but the memory lingers
To guide through the dark to the day.
When at last we've swung down from our saddles,
Then memories come with a sigh
Of those four years that are gone past returning,
Of those days in Barringer High.

A SCHOOL OF BUSINESS TECHNOLOGY

Pace Institute is a school of business technology in which a high-school graduate— young man or young woman—may receive preparation for accountancy, business administration, secretarial practice, shorthand reporting, advertising, or selling. Shorthand speed classes are provided for students who desire to develop speed. Daytime classes are provided in secretarial practice, accountancy, and business administration, and evening classes are provided in these subjects and all others offered by the Institute.

Classroom study in the Day School Division of Pace Institute is supplemented by field trips to the offices and plants of many of the largest organizations in New York and vicinity. Students are thus enabled to observe and study at first hand the work procedures of progressive organizations.

The general bulletin of the school and special booklets with respect to various courses are available upon request. In making request specify subjects of study in which you are interested. Inquire of the Registrar by personal call, by letter, or by telephone, Barclay 7-8200.

GREATER OPPORTUNITIES

PHARMACY during the last decade has made tremendous strides. With the development and extension of its activities has followed greater opportunities for its members. No longer is a pharmaceutical education merely a training for the practice of retail pharmacy.

The Bachelor of Science course follows a well-balanced curriculum of scientific, professional and cultural subjects, designed to give the student a broad, scientific education with special training in the pharmaceutical sciences. Such an education serves as an excellent basis for specialization in any one of the fields of pharmaceutical service.

CHARACTERISTICALLY DIFFERENT!

From the earliest days when man first recorded his impressions by arduous carving in stone, the inherent faculty of true craftsmanship manifested itself. Among the relics of the early stone carvers can be found outstanding examples of characteristic difference—distinctive ability that was the forerunner for the artist and the craftsman of today. ¶ And just as primitive recordings in stone show varying degrees of superiority, so does a Colyer-produced Annual stand out distinctive of the full possibilities of the highly-developed graphic arts of today.
